

The J.L. Long Middle School math and science teams competed April 8, 2006, at the TMSCA state championship meet in San Antonio. The science team repeated their victory as **STATE CHAMPIONS** in class 4A.

Individual honors went to the following students:

Brian Tepera, seventh grade, won second place in number sense, third in mathematics, seventh in calculator and 17th in science.

Rachel Godat, eighth grade, won third in science.

Ali Vazquez, eighth grade, won fourth in science.

Sam Forgerson, seventh grade, was seventh in both number sense and mathematics.

Chandler Ludwick, eighth grade, was seventh in science.

Kasey Kauffman, eighth grade, was eighth in science.

Kristen Arnold, seventh grade, was 10th in science.

Other students who qualified for and competed at the state championships were Kenly Ashbrook, Conor Bernoski, Kevin Berry, Fidencio Castillo, Edgar Esparza, Raul Garcia, Ana Harris, Renard Jemerson, Jessica Luna, Joshua McKenzie, Yvette Saucedo, Lauren Tepera and Asante Williams.

Armelia King coached the science team and Harry Singh coached the math team at J.L. Long.
